Vulcan installed at:

BIGARD Meat Factory
France

Installed by:

CWT Preval France

Model installed:

Vulcan S25

BIGARD Meat Factory

Bigard Group is the leading meat processor in France (processing more than 500,000 tonnes per year).

The Vulcan S25 device has been installed on the machine responsible for washing the white containers which have barcodes located on the side.

Before installing the Vulcan unit, the scanning machine could not read barcodes due to scale incrustations. Now after installed Vulcan, the machine is able to read these bar codes correctly. Bigard is now saving on maintenance costs and reduced time spent on cleaning the washing machine and white boxes.

Washing machine used for the white containers

White containers and barcodes are now free of scale

Vulcan S25 unit installed with insulation re-wrapped over the pipes and impulse cables
