### Certificate of Satisfaction

I, the undersigned **Dardour Riadh**, occupying the position of technical manager within the company **CAIR Tunisie** hereby certify that the **STPE** company has given us full satisfaction in our plastic injection process by the performance of the electronic anti-scale and anti-rust device VULCAN.

**DARDOUR RIADH**  
Technical Manager in CAIR TUNISIA

CAIR Tunisie is a manufacturing plant for para pharmaceutical syringe products. In the plastic injection workshop, the cooling circuits which use softened water there was scale and lots of rust which was visible on the flow meters of the machines. We replaced the softener with a Vulcan S25. You see the results.
