TO HEAD OF IRRIGATION PROJECTS SECTION

Dear Sir,

SUBJECT: MATERIALS APPROVAL ON PERFORMANCE OF VULCAN S25 ANTI-SCALES

SYSTEM IMPULSE TECHNOLOGY ON TSE WATER

Reference to mentioned subject, please be informed the aforesaid product (provided by M/S Ascardi Green Building Services LLC) has tested as pilot project since November 2017 till February 2018 and found positive results and sufficient performance as detailed mentioned in attached report.

Therefore, we have no objection to install the above mentioned product for Dubai Municipality irrigation projects, and we are recommended to review and approve the same specification product for future irrigation projects.

This is for your kind information and record.

Best Regards
