Subject: Vulcan reference letter

With this letter we Confirm that Gres La Mancha, SL, a company dedicated to the manufacturing of ceramic building products, is showing total satisfaction after testing the Vulcan S100 at our facility for 5 months.

There have been trials and several checks to verify the proper performance of this water treatment device in different parts and sections of our factory - all showing great results.

So, from the standpoint of the customer we congratulate you for the effectiveness of Vulcan.

Regards,

Ángel P. Molero
