Dear Sir,

We have been selling your Vulcan 5000 water treatment system for over 10 years. In this time we have successfully sold more than 1000 sets of equipment. We have consistently received positive feedback from our customers in view of the effectiveness of the system - patches of limescale which could previously only be removed by chemical detergents can now simply be wiped away with a cloth. What is more, the use of the system has notably reduced the calcification in the heating of electrical equipment (e.g. washing machines, dishwashers, kettles etc).

We wish you and your company further success and in the above mentioned matter would like to thank you for a successful collaboration.

Yours Sincerely,

- Hans Krempel jun. -
