VULCAN ESPAÑA
TERRASSA-BARCELONA

To Vulcan Spain,

Since we installed the Vulcan S25 in our facilities, according to our customers and maintenance managers, we have significantly noticed the effectiveness of Vulcan in our facilities.

We have noticed the descaling of the pipes, reduced scale in the boilers/appliances and a significant saving in chemicals and electricity costs.

The skin and hair feels softer, and we have reduced the cost of cleaning products.

Electricity costs are much lower because Vulcan annual consumption is very low.

We removed the conventional softener we had since the opening of the gym, thus saving expenses of salt and water.

Therefore we want to congratulate Vulcan Spain for the right solution that you have brought to us to solve the problem of lime in the water.

Ernesto Betancourt.
