Dear Dick,

Good to hear back from you. Here are those pictures in jpg. We are so happy with the Vulcan 3000. We are telling everyone about it. I truly would like to see other people have the change to their water that we have. Anyway I hope these pictures work out for you. Thanks for keeping in touch with us.

A happy customer

Everett B.

Vulcan 3000 was installed on the water main to treat the whole house.
