

ALPHA DELTA PI

Florida state university

Installation Details

Location: Alpha Delta Pi Sorority
Florida State University
Tallahassee, Florida
www.fsudapi.com

Area: Domestic supply line

Model:  S10

Installed by: Ackuritlabs, Inc.

The Iota Chapter of Alpha Delta Pi at Florida State University was founded in 1909. Alpha Delta Pi is a home that fosters potential in young women, a place where our sisters are constantly creating unforgettable moments and sharing memories.

Purpose:

Remove scale build up and chlorine from the water system serving the commercial kitchen and bathrooms.

Action:

Installed a twin carbon filtration system to remove the chlorine and a Vulcan S10 to eliminate the scale build up.

Result:

Client is very pleased. The girls' with blond hair had an issue with their hair turning green. This is no longer the case.
