

Installation of Vulcan water treatment

Installation site: White Castle #32, New York, USA
Model: Vulcan 3000 (installed on the ice machine after the carbon filters)
Vulcan 5000 (installed on the main inlet line)

White Castle #32 – May 5

We installed a Vulcan 5000 on the main inlet line to White Castle 32 & a Vulcan 3000 on the ice machine after the carbon filters.

The R2D2 was cleaned and the calcium completely removed in one area. There is a slight indentation into the pan at the water line.

Before Vulcan installation - hard scale build up in the pan area

After Vulcan installation - pan area is now completely scale free
